LICENSEE acknowledges that the Pre-release Software does not represent the final product from DEBENU, and may contain bugs, errors, and other problems that could cause system or other failures and data loss. During the term of this EULA, if requested by DEBENU, LICENSEE will provide feedback to DEBENU regarding testing and use of the Pre-release Software, including error or bug reports.

If LICENSEE has been provided the Pre-release Software pursuant to a separate written agreement, then LICENSEE's use of the Pre-release Software is also governed by that agreement. Notwithstanding anything in this EULA to the contrary, LICENSEE will return or destroy all unreleased versions of the Pre-release Software within 30 days of the completion of LICENSEE's testing of the Pre-release Software if that date is earlier than the date scheduled for DEBENU's first commercial shipment of the publicly released (commercial) Software.
